DETAILED ACTION

Response to Arguments

1. Applicant's arguments see Remarks filed May 12, 2005, with respect to the qualification of Buchner (US Patent No. 6,535,854) as prior art have been fully considered and are persuasive. The rejection of claims 1-11 under 35 U.S.C 103 has been withdrawn.

Claim Rejections - 35 USC § 112

2. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

3. Claims 1-11 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

4. Claim 1 recites the limitation "said electronic device" in line 8. It is unclear as to which electronic device applicant refers the electronic device recited in line 5 or the unregistered electronic device recited in line 7.

5. Claim 1 recites the limitation "said electronic device" in line 11. It is unclear as to which electronic device applicant refers the electronic device recited in line 5 or the unregistered electronic device recited in line 7.

6. Claim 1 recites the limitation "the preregistered electronic device" in line 10. There is insufficient antecedent basis for this limitation in the claim.

7. Claim 2 recites the limitation "said electronic device" in line 3. It is unclear as to which electronic device applicant refers the electronic device recited in claim 1, line 5, the unregistered electronic device recited in claim 1, line 7 or the preregistered electronic device recited in claim 1, line 10.

8. Claim 2 recites the limitation "said electronic device" in line 6. It is unclear as to which electronic device applicant refers the electronic device recited in claim 1, line 5, the unregistered electronic device recited in claim 1, line 7 or the preregistered electronic device recited in claim 1, line 10.

9. Claim 4 recites the limitation "said electronic device" in line 4. It is unclear as to which electronic device applicant refers the electronic device recited in claim 1, line 5, the unregistered electronic device recited in claim 1, line 7 or the preregistered electronic device recited in claim 1, line 10.

10. Claim 4 recites the limitation "said electronic device" in line 5. It is unclear as to which electronic device applicant refers the electronic device recited in claim 1, line 5, the unregistered electronic device recited in claim 1, line 7 or the preregistered electronic device recited in claim 1, line 10.

11. Claim 4 recites the limitation "said electronic device" in line 7. It is unclear as to which electronic device applicant refers the electronic device recited in claim 1, line 5, the unregistered electronic device recited in claim 1, line 7 or the preregistered electronic device recited in claim 1, line 10.

12. Claim 5 recites the limitation "said electronic device" in lines 4, 5 and 6. It is unclear as to which electronic device applicant refers the electronic device recited in claim 1, line 5, the

unregistered electronic device recited in claim 1, line 7 or the preregistered electronic device recited in claim 1, line 10.

13. Claim 7 recites the limitation "said electronic device" in line 11. It is unclear as to which electronic device applicant refers the one of the electronic devices recited in line 4, the unregistered electronic device or the relevant electronic device.

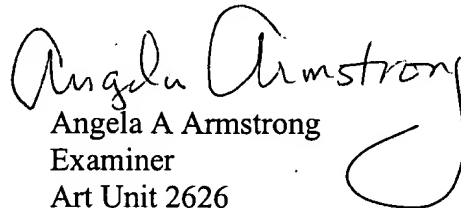

14. Claim 7 recites the limitation "the relevant electronic device" in line 10. There is insufficient antecedent basis for this limitation in the claim.
